Maryland Community Action Partnership (MCAP): is a nonprofit multi-regional association. MCAP advocates on behalf of Community Action Agencies (CAA's) and partnering organizations that serve individuals and families with low-income who reside in Maryland, Delaware and the District of Columbia to ensure their voices are heard at the local, state, and national levels.

MCAP supports the mission and activities of 17 member CAA's throughout the three regions. These agencies were created throughout the country by former President Lyndon Johnson as part of his War on Poverty Program. With an anti-poverty focus, these agencies provide direct human and social services in all cities and counties in the three service areas as they work to lead families to self-sufficiency and independence of public programs.

MCAP's combined network served more than 413,693 individuals in FY-14, and of which, 319,316 resided in Maryland, 12,629 in Delaware, and 81,748 in the District of Columbia. Performing 40+ essential and basic services and programs that federal, state and local governments otherwise would have to do, such difference CAA's make:

- Children participate in Head Start/ Early Childhood Programs
- Households receive emergency assistance and energy assistance
- Homeless individuals receive food and shelter services
- Individuals obtain job training and placement
- Senior and disabled individuals receive premature institutionalization prevention services and care
- Individuals obtain access to reliable transportation that enables them to work.
- Community volunteers commit hundreds of thousands of hours to CAA's
- Weatherization program services and emergency food services available.
